Robert Wyland, Renowned Marine Life Artist, to Paint Mural at Malcom Elementary School in Laguna Niguel (Jan. 28)

SAN JUAN CAPISTRANO — Renowned marine life artist Robert Wyland will be painting one of his iconic undersea murals at Malcom Elementary School on Wednesday, January 28, as an extraordinary gift celebrating the school’s 20th anniversary. He is scheduled to paint on the side of a portable classroom from 9 a.m. to 11 a.m. joined by 20 student volunteers who will be contributing to the mural throughout the day.

The school is located at 32261 Charles Rd., Laguna Niguel.

The acclaimed artist, based in Laguna Beach, is known worldwide for promoting environmental conservation through his colorful and large-scale outdoor paintings depicting whales and ocean life. Wyland is considered one of the most influential artists of the 21st Century, with artwork in museums, corporate collections, and private homes in more than 100 countries.

In December, Malcom students were treated to a two-day visit by Wyland’s Clean Water Mobile Learning Experience, an interactive marine science learning center on wheels.
